

VILLAGE OF HARVEY

Revised By-Laws of the Village of Harvey, 1980

By-Law 80-10

A BY-LAW RESPECTING THE
SANITARY SEWERAGE SYSTEM AND SEWER CHARGES

WHEREAS the Village is empowered to provide sewage services to the residents of the Village of Harvey and is further empowered by the Municipalities Act to compel the owners of buildings to connect up with a sanitary sewerage system so provided;

AND WHEREAS a sanitary sewerage system is to be provided in certain areas of the Village.

THEREFORE be it enacted by the Village Council of the Village of Harvey as follows:

1. In this By-Law
 - (a) "building" includes a mobile home and any trailer used for purposes for which buildings are ordinarily used;
 - (b) "dwelling unit" means a room or suite of two or more rooms used, designed or intended to be used by an individual or family in which culinary and sanitary facilities are provided for the exclusive use of such individual or family;
 - (c) "lateral" means a sewer pipe leading from a building to a service line;
 - (d) "natural outlet" means any outlet into a watercourse, pond, ditch, lake, or other body of surface or ground water;
 - (e) "owner" means
 - (1) The person in whose name a parcel of land upon which a building is situate is assessed under the Assessment Act of New Brunswick and includes the executors, administrators and assigns of such person; and

(2) where a parcel of land is not assessed under the Assessment Act, the owner thereof or any building situate thereon;

(f) "sanitary sewerage system" means a system of one or more interconnected service lines having one or more common discharge outlets and includes necessary pumping, plants, force mains, siphons, other like works, treatment works and disposal plants;

(g) "sanitary sewerage system service area" means all land within the Village of Harvey by which a service line runs and which is within 46 metres of a service line;

(h) "service line" means a sewer main and includes the extension from a sewer main to the boundary line of land adjacent to the sewer main.

SANITARY SEWERAGE SYSTEM

2. (1) Where a sanitary sewerage system is made available by the Village in any part of the Village, the Village shall operate and maintain the sanitary sewerage system.
 - (2) The Council shall appoint and employ such officers and employees as it deems necessary from time to time for the efficient and continuous operation of the sanitary sewerage system and for carrying out any of the requirements of this By-Law.
 - (3) The Council may administer, supervise, and control the construction, operation, and maintenance of the sanitary sewerage system and the Council may delegate any administrative or supervisory functions or duties to a committee or to one or more officers or employees.
 - (4) The Council shall cause to be made and maintained:
 - (a) Plans of the sanitary sewerage system showing the location, depth, material, size, shape, thickness, and construction thereof and all additions and alterations made thereto from time to time; and

- (b) A record of all work done in connection with the sanitary sewerage system showing the cost of labour and material for each job, the depth of the pipe, the location of shutoffs and any other details of each job and the system required for the efficient and continuous operation and maintenance of the sanitary sewerage system.

ORDER REQUIRED TO CONNECT UP WITH SANITARY SEWERAGE SYSTEM

- 3. (1) Where a building is situated in the sanitary sewerage system area, the owner shall have constructed, installed, and maintained a lateral connecting the building with the service line in accordance with the provisions of this By-Law.

(2) Every building erected in the Village subsequent to the enactment of this By-Law which stands on land by which a service line runs shall, notwithstanding paragraph 1 (g) hereof, be deemed to be situate in the sanitary sewerage system area.

(3) All costs and expenses incident to the construction, installation and connection of the lateral to the service line and of the maintenance of the lateral shall be borne by the owner.

(4) The owner shall be responsible for cleaning a stopped-up lateral, regardless of where the blockage occurs in the lateral.

PERMIT REQUIRED

- 4. (1) No person shall uncover, make any connections with or opening into, extension of, addition to, use of, or otherwise alter or disturb the sanitary sewerage system without first having obtained written permission from the Council or its authorized agent.

(2) Any permission granted under this By-Law may be suspended or revoked by the Council, if in the opinion of the Council the sewage facility approved by such permit is not being installed or maintained in compliance with the provisions of this By-Law.

(3) Applications for the construction or installation of any work included under section 3(2) shall not be accepted after October 31st of any year.

(4) Any construction, installation or work included under section 3(2) shall not be undertaken after November 30th or prior to April 15th of any year unless approved by Council.

5. Notwithstanding subsection 3(1), no person shall connect a lateral servicing a manufacturing or industrial plant with the sanitary sewerage system unless the owner thereof has met any special requirements of the Council.
6. (1) Before the construction or replacement of a lateral and the connection of it with the sanitary sewerage system, the owner of the land on which the building is situated, or his agent shall
 - (a) File with the Clerk an application for a lateral in Form A hereto annexed or in such other form as may be approved by the Council;
 - (b) Pay to the Clerk of the Village the sum of One Dollar (\$1.00), Provided However than no sum shall be payable with the respect to an application for a lateral which is filed with the Clerk prior to the 31st day of December, 1980; and
 - (c) Receive the written permission of the Council or its authorized agent.
- (2) The owner or his agent shall notify the council or its agent when the lateral is ready for inspection and connection to the sanitary sewerage system.

(3) No connection to the sanitary sewerage system shall be made except under the direct and personal supervision of a person duly authorized by Council in that behalf.

(4) The agent of Council supervising a connection pursuant to subsection (3) shall not allow the connection of a lateral if in his opinion the standards and specifications set out in sections 7 to 9 inclusive hereof have not been complied with in full.

STANDARDS AND SPECIFICATIONS

7. (1) A lateral shall include all apparatus and appliances necessary to ensure the proper functioning of the lateral and to ensure proper sanitary and health conditions in and about the building connected to the sanitary sewerage system.

(2) Without limiting the generality of subsection (1) hereof, the owner shall, at his expense, install a “**back-water valve**” or similar apparatus in the connection of the building to the sanitary sewerage system necessary to insure the proper functioning of the connection and to prevent flooding, and such back-water valve or similar apparatus shall be of type and quality and installed in a manner satisfactory to the Council or its authorized agent.
8. Notwithstanding subsection 3(1), no person shall connect any building with the sanitary sewerage system unless the building is supplied with running water sufficient at all times to ensure the proper functioning of the connection.
9. The pipe used in a lateral shall be:
 - (a) Of diameter of not less than 100 millimeters,
 - (b) Made of polyvinyl chloride to CSA B182.1, 1976, DR 35 minimum,
 - (c) Tightly sealed,
 - (d) Laid at a slope of not less than 10 millimeters per lineal meter, and
 - (e) Placed at a sufficient depth within the ground or otherwise sufficiently secured to ensure that it is protected from frost and other hazards under ordinary conditions.

10. (1) Where the owner of land in the sanitary sewerage system service area on which a building is situated fails to install or maintain a lateral connecting the building with the sanitary sewerage system in accordance with the provisions of this By-Law, Council may by resolution instruct the Clerk to serve a notice upon such owner requiring him to comply with the provisions of this By-Law.

(2) Such notice shall specify what is to be done by the owner and the time in which the work is to be done.

11. The notice provided for in section 10 may be served:

(a) by personal service upon the person named therein; or

(b) by registered mail addressed to the person named therein; or

(c) by being posted in a conspicuous place on the premises if service cannot be reasonably effected under clause (a) or (b).

PROHIBITED MATERIALS AND SUBSTANCES

12. (1) No person shall discharge or cause to be discharged any storm water, surface water, ground water, roof run off, or cellar drainage into the sanitary sewerage system.

(2) Storm water and all other unpolluted drainage shall be discharged to such sewers as are specifically designated as storm sewers, or to a natural outlet.

13. No person shall discharge or cause to be discharged any of the following into the sanitary sewerage system or other public sewer:

(a) Any gasoline, motor oil, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid or gas;

- (b) Any water wastes containing toxic or poisonous solids, liquids, or gases in sufficient quantity, either single or by interaction with other wastes, to injure or interfere with the sanitary sewerage system or any sewage treatment process, constitute a hazard to humans or animals, create a public nuisance, or create any hazard in the receiving waters of the sewage treatment plant;
- (c) Any waters or wastes having corrosive property capable of causing damage or hazard to structures, equipment, and personnel of the sanitary sewerage system;
- (d) Solid or viscous substances in quantities or of such size capable of causing obstruction to the flow in the sanitary sewerage system or other interference with the proper operation of the sanitary sewerage system.

(2) The First Installment shall be due and payable on or before January 31st each year and the 2nd Installment shall be due and payable on or before the 31st day of July each year.

(3) When any other user charges or part thereof levied pursuant to this By-Law remain unpaid for a period of one (1) month after the same become payable, a non-payment penalty of one and one half percent (1 ½ %) of the balance remaining unpaid at the end of each subsequent month shall be added to the unpaid balance at the beginning of the next month, it being the intention of this section that the non-payment penalty shall be compounded and accumulated on a monthly basis.

(4) All arrears of user charges levied pursuant to this By-Law together with any non-payment accumulated over \$300.00 thereon constitutes a debt due to the Village and the Village may take proceedings in any court of the competent jurisdiction to recover the same.

(5) Nothing herein shall affect any lien or other right with respect to user charges and penalties vested in the Village pursuant to the Municipalities Act.

16. The owner of land in the sanitary sewerage system service area upon which a building is situate:

(a) Shall pay or cause to be paid to the Village the annual sewer user charge applicable to the building as established by the annual resolution of the Council pursuant hereo and in the manner and on the terms prescribed by this By-Law; and

(b) Is liable for all such sewer charges together with penalties levied thereon whether the building is occupied by himself or his tenants and whether or not the building is connected to the sanitary sewerage system, provided that the owner shall not be liable for any charges levied with respect to a building which is not connected to the sanitary sewerage system until the Village has first given him notice pursuant to section 10 hereof requiring him to connect the building to sanitary sewerage system and he has failed to comply with such notice for a period of at least sixty (60) days.

17. Upon application of the owner, the Clerk may, with the approval of the Council, grant a refund of sewer user charges in whole or in part for any just cause relating to the non-use of the sanitary sewerage system.

18. The Council may by resolution appoint an agent to receive and remit payment of the user charge.

GENERAL

19. No person shall be entitled to damages or to a refund of any payment for stoppage or interruption of the sanitary sewerage system or any lateral caused by accident, frost or for the purpose of making additions or repairs thereto or for any purpose which in the opinion of the Council is necessary or desirable, nor for failure of an owner to install a back-water valve or similar apparatus as required by this By-Law.

20. The Council or any person authorized by it may at any reasonable hour enter upon any land for the purpose of executing duties respecting installation, maintenance, repair, or replacement of the sanitary sewerage system or for the purpose of inspecting the lateral or the building drain or to make such other inspections as are necessary to ensure compliance with this By-Law.

21. Nothing in this By-Law obligates the Village to extend the sanitary sewerage system service area to the Village as a whole or to any particular part of the Village.

SEPTIC TANKS

22. (1) Where a building is situate on land not in sanitary sewerage system service area the owner of the property shall install and connect the building with a septic tank and such apparatus and appliances as may be required to insure the proper sanitary conditions of the building and premises and shall maintain the same in compliance with the applicable provisions of the Health Act and Regulations thereunder.

(2) Where an owner fails to comply with subsection (1) the Council, if it is deemed necessary or desirable to the maintenance of healthful and sanitary conditions in the Village, may by resolution instruct the Clerk to serve a notice upon such owner requiring him to comply with subsection (1).

(3) Such notice shall specify what is to be done by the owner and the time in which it is to be done, provided that the owner shall be given more than fifteen (15) days to comply with subsection (1).

(4) Any notice given pursuant to subsection (2) may be served in the manner provided in section 11.

23. Section 22 hereof notwithstanding, where a sewage disposal system other than a septic tank is permitted pursuant to the provisions of the Health Act and Regulations thereunder, an owner of land not served by the sanitary sewerage system may install or construct such sewage disposal system provided he has obtained all necessary consents, approvals, or permits required by the saint Act and Regulations and requests and obtains the written permission of the Council or its authorized agent.

ENFORCEMENT AND PENALTIES

24. A person who has been served with a notice given pursuant to this By-Law and who fails to comply with any provision of this By-Law is guilty of an offense and liable, upon conviction, to a fine of not less than twenty-five dollars (\$25.00) and not more than two hundred dollars (\$200.00).
